KIRBY'S RETURN TO DREAM LAND DELUXE

GENRE: ACTION-PLATFORMER SYSTEM: NINTENDO SWITCH

It's almost time to return to Dream Land! In Kirby's latest adventure, you'll help Magolor repair his broken spaceship after it crash lands on Planet Popstar.

Kirby's Return to Dream Land Deluxe is a remake of a game which was released on the Wii in 2011.

This means if you've played Kirby's Return to Dream Land, you'll know what to expect. This isn't a totally new game, but we think it looks fantastic with its attention to detail and colourful graphics.

Kirby fans will recognise familiar Copy Abilities like Sword and Whip. But one new feature we're excited to try out is the Mecha Copy Ability. You'll become a robot and fly through the sky. Your cannon allows you to attack from a distance, but also packs a powerful punch up close! Inhaling glowing enemies allows you to use your special Super Abilities which will give you an edge over your foes!

We love the variety this game offers for multiplayers. Adventure through the main quest with your friends as Kirby, Meta Knight, King Dedede and Bandana Waddle Dee.

If your friends want to play as Kirby too, they can!

When you need a break from the adventure, there's a range of subgames to get stuck into. There are returning subgames like Ninja Dojo and Samurai Kirby. But there's also brand-new games like Magolor's Tome Trackers which looks super-fun!

We love that Kirby's Dream Land Deluxe isn't just one type of game, and we can't wait to dive into this awesome adventure!

STAR TREK PRODIGY: SUPERNOVA

Star Trek Prodigy: Supernova is the latest intergalactic adventure starring the crew of the **USS Protostar** from **Nickelodeon's** hit **Star Trek Prodigy TV** series. **Dal**, **Gwyn** and **Hologram Janeway** need to repair their ship after a crash landing and rescue their friends. It's a race against time as they need to do this before a supernova destroys them! **Dal** and **Gwyn** will solve puzzles and explore strange new worlds as they accomplish their missions. The gameplay is fun overall, and **Supernova** never gets too challenging. The story is interesting and feels like a lost episode of the TV show.

To get the most out of the game, we recommend playing it in couch co-op. If not, you'll be switching between **Dal** and **Gwyn** for their skills and you'll hear the same voice lines over and over. But that doesn't take away from the fact this is a super-fun game!

RETURN TO MONKEY ISLAND

RETURN TO
MONKEY ISLAND

Return to Monkey Island is a fun point-and-click adventure that follows the legendary **Guybrush Threepwood**, **Elaine Marley** and the villainous ghost pirate **LeChuck**. Take to the high seas and discover the secret of **Monkey Island** once and for all! All the best characters and locations from the older swashbuckling games are here. The story and jokes are clever and funny which is one of our favourite parts about the game! Sometimes the puzzles can get a bit annoying and repetitive. However, there's a built-in hint system for if you get stuck, meaning you won't have to look up any spoiler-filled walkthroughs! **Return to Monkey Island** is a hilarious game with brilliant music. if you're looking for something cosy and funny to play, be sure to give this one a go. If you've never played a **Monkey Island** game before, don't worry! **Guybrush** will catch you up!

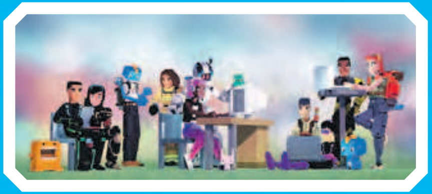
GENRE: DEATH RUN SYSTEM: PC, MAC, iOS, ANDROID

PRESTON'S DIAMOND DASH ON DOT BIG BANG

Youtuber **PrestonPlayz** has teamed up again with online multi-player gaming platform **dot big bang** to create a game! In **Preston's Diamond Dash**, you'll race through deadly obstacles to rescue a sleeping **PrestonPlayz**!

Preston's Diamond Dash is a death run style game, where you'll be dodging some pretty tricky traps! The aim of the game is keeping your character alive long enough to collect diamonds and save **Preston**, but it won't be easy! From lasers to dodge to crushing walls to sprint through, you'll soon find the death number above your head creeping up!

There's plenty to keep you hooked in this game! From world choices that let you work up to a harder difficulty level, to the multiplayer element that sees you racing against other players!



We think this game is great for fans of death runs, and we loved the epic boss fight against the giant **Evil Diamond Preston**!

HOKKO LIFE

Lover of all things cosy? Look no further than **Hokko Life**! This cute game sees you start a new life in the village of **Hokko**, where you'll befriend villagers and take over an old workshop to craft things for your town! Creativity is the name of the game here, and what you do with **Hokko** is totally up to you as there are so many customisation options available!

Alongside crafting, you'll find fun in harvesting plants, fishing, hunting bugs and working on your garden.

At times there are a few too many loading screens and the camera controls can make it a bit tricky to navigate around the map.

We found that there was plenty to do in the world of **Hokko**, and with all the characters and cute scenery on offer, it's a game filled to the brim with charm!

Pokémon Trai

A LESSON PLAN TO BE THE BEST! BETTER THAN ALL THE REST!

Lesson 1

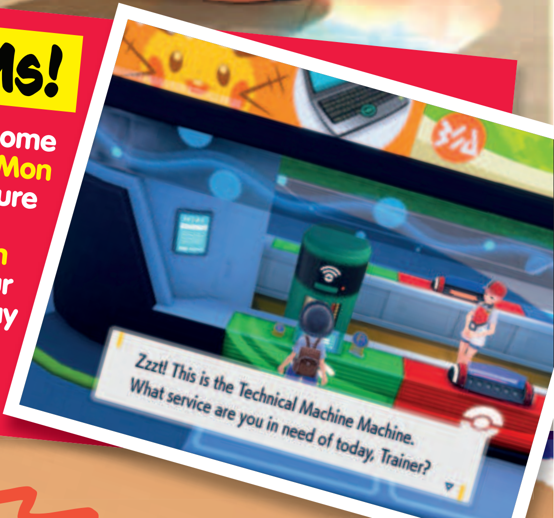
Perfect Picnics!

● Picnics are the perfect way to bond with your **Pokémon**, restore their HP, rest after battles, and fill up on tasty sandwiches. Plus, you might just find a **Pokémon** Egg while you're chilling out!

Lesson 2

Teach TMs!

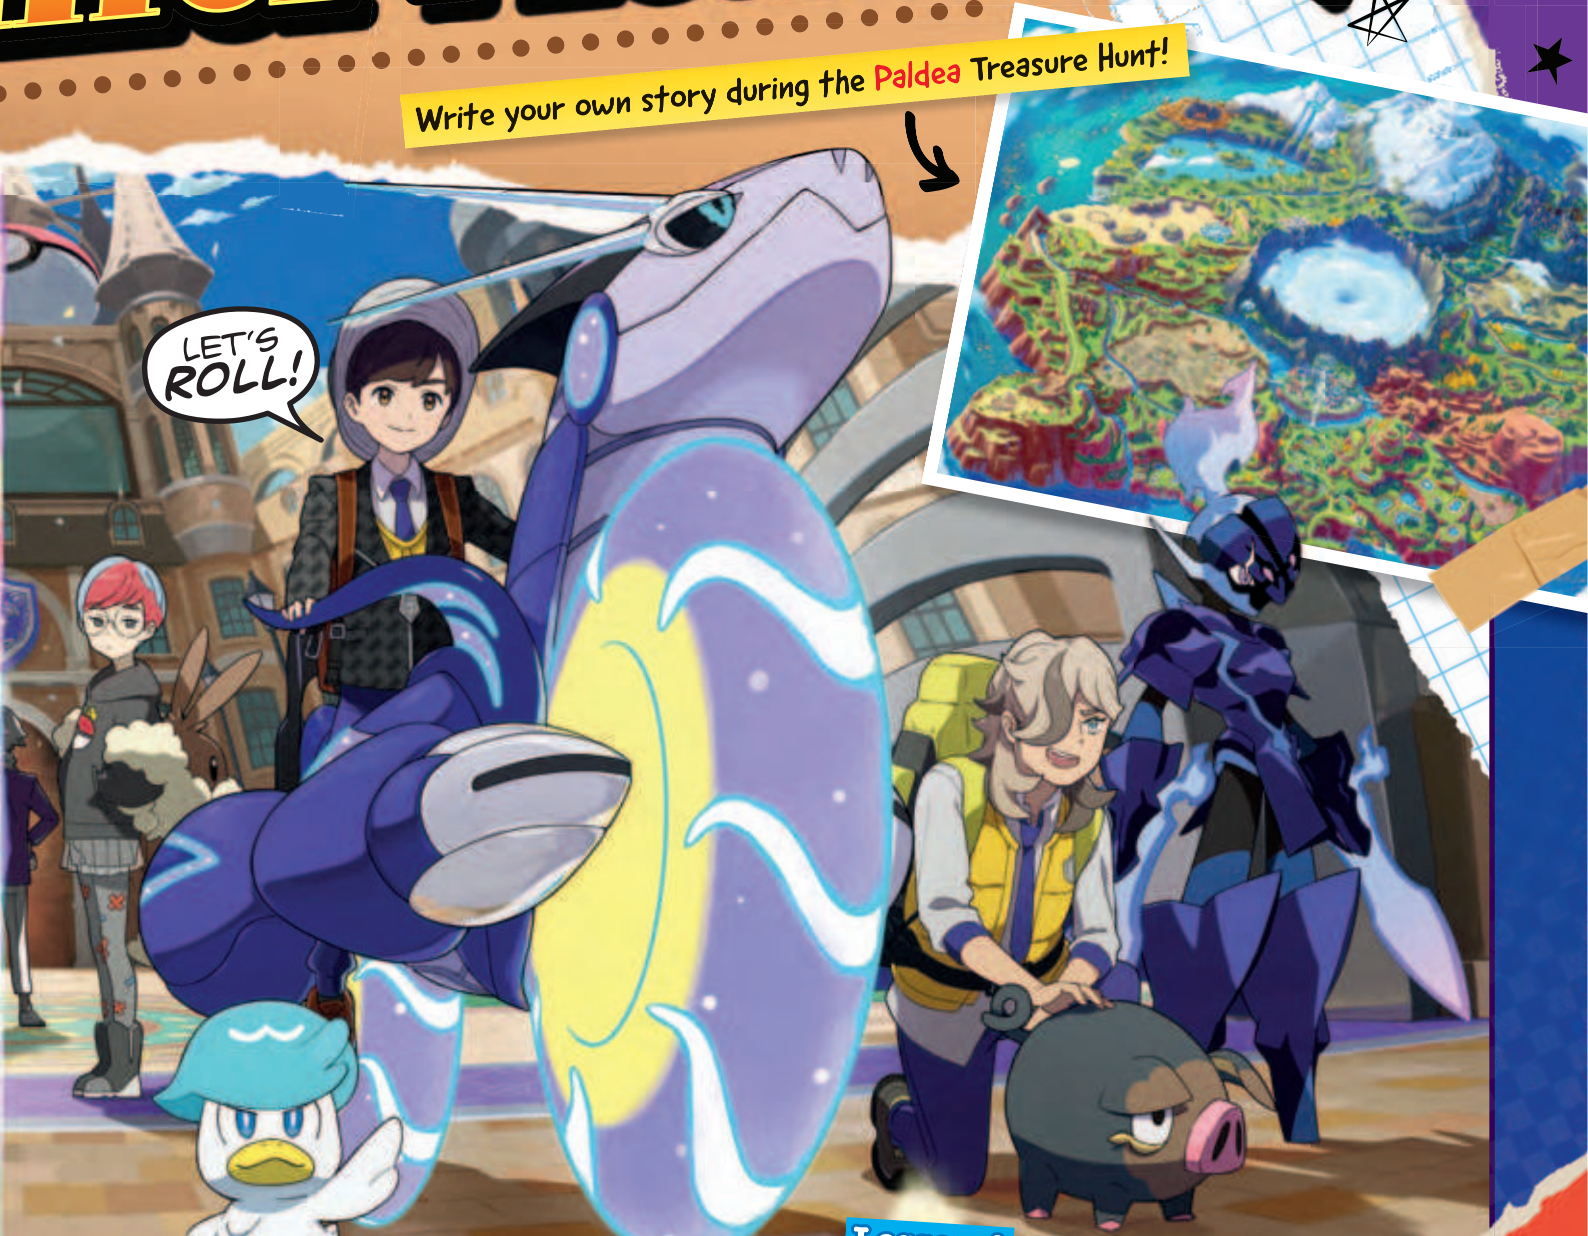
● TMs are an awesome way to teach your **'Mon** new moves, so be sure to check out the TM Machine in **Pokémon Centers** to make your own! It's the ideal way to customise your team and improve your battle strategy.



Zzzt! This is the Technical Machine Machine. What service are you in need of today, Trainer?

iner Academy!

Write your own story during the Paldea Treasure Hunt!



Lesson 3

Let's Go!

- Let your Poké pals have their own adventure in Let's Go mode – you can keep exploring a new area while they look for items and battle it out with wild Pokémon. Perfect for levelling up without the grind!

Lesson 4

Epic Items!

- Get to know the different items Paldea has to offer to boost your battle skills. You can even experiment with item/move combos for some super-powerful results, like giving a Breloom a Loaded Dice then using Bullet Seed while Terastallized!

Pokémon Trainer Academy!

Lesson 5

Tera Types!

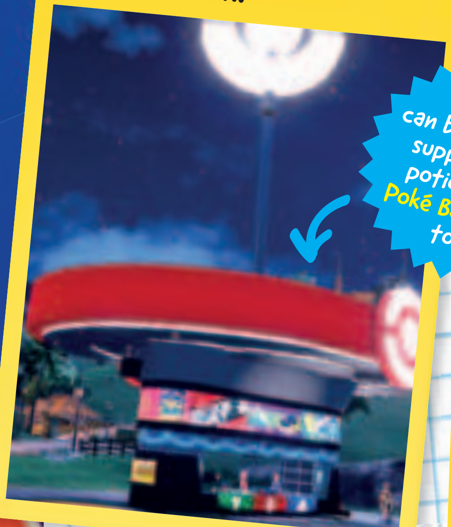
● Learning your **Pokémon's** Tera Type can totally give you the edge in competition. When Terastallized, your **'Mon** might change type, but there's no way for your opponent to know what your team's Tera Types are until it's too late!

TERA-FYING MOVES!

Lesson 6

Explore More!

● As well as having **Pokémon Centers** in towns and cities, **Paldea** also offers more rural, outdoor **Pokémon Centers** too, so you can explore far and wide without fear of wiping out. They even light up at night with a giant glowing **Poké Ball** on the roof – you can't miss 'em!



You can buy trainer supplies, like potions and **Poké Balls** here too!

Lesson 7

Your Path!

● There's no one way to play! With three main story threads to follow, there's loads to see and do in **Paldea**, from taking on the gyms, to battling **Team Star** and finding huge Titan **Pokemon**! How you play is up to you!

Lesson 8

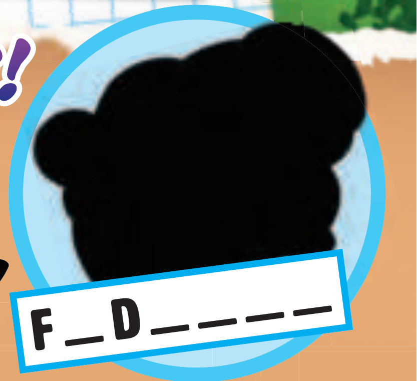
Poké Portal!

● Be sure to check out the **Poké Portal**! Not only can you battle and trade with trainers around the world, but you can also link up with your mates in Union Circle so you can play, battle and explore together!

GOTTA GUESS 'EM ALL!

WHO'S THAT?!

Time for a **Pokémon** lesson with **Mr. Jacq**! Can you guess who each **'Mon** is?



Grafaiai's Grid!

● Looks like a wild **Grafaiai's** left markings all over this grid! Can you fill in the missing markings, so that each horizontal row, vertical row, and group of four squares has only one of each type of marking in it?

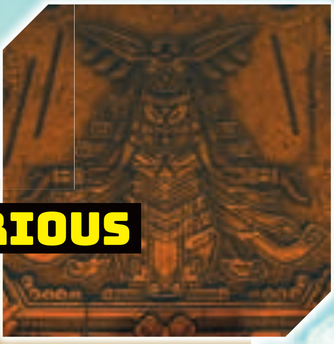
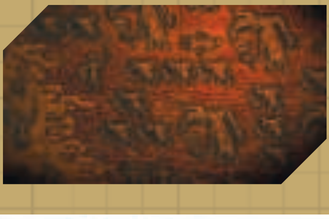
● LET'S DEEP DIVE INTO THE NEW ZELDA TRAILER!

SNEAK PEEK!

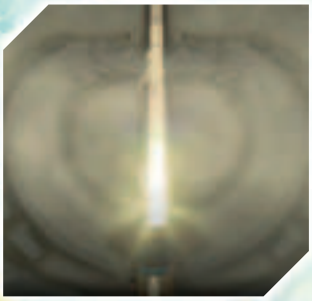


WHAT ARE THE MYSTERIOUS STONE CARVINGS?

The first carving we see is an owl-like being, who pops up multiple times in the trailer. It has human-like arms, but its long ears remind us of Breath of the Wild's Lord of the Mountain, so we reckon this creature will have a connection to spirits and magic!



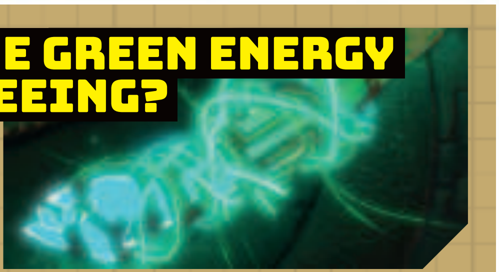
Next, we see what looks like an ancient battle scene with a carved army of Moblins and Bokoblins, surrounded by red lines that look like the nasty tar, Malice. What's that about?!



WHAT DO THE OTHER SYMBOLS MEAN?

There are tons of dragon designs in the trailer, from stone carvings on doors to the actual logo itself. The style is super-similar to the ancient Zonai ruins we discovered in BotW, suggesting that both dragons and this long-gone magical tribe will be crucial to the story.

WHAT'S THE GREEN ENERGY WE KEEP SEEING?



We've got glowing green arms, green energy swirls on the ground, a green glow when Link uses his jump ability and even the logo has the same effect! While we don't know what this substance is, we know it's important! Link appears to be carrying bottles of it on his belt, and if you look at the logo closely, it seems to have repaired the broken Master Sword!

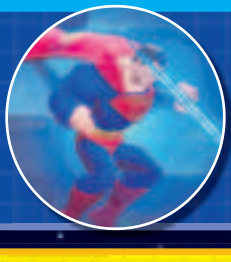
WILL GOES HEAD-TO-HEAD WITH HIS BROTHER, ISAAC!

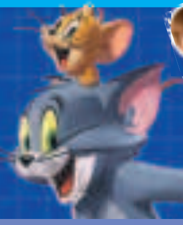
BROTHER VS BROTHER!

WE'RE PLAYING MULTIVERSUS!

FAVOURITE CHARACTERS

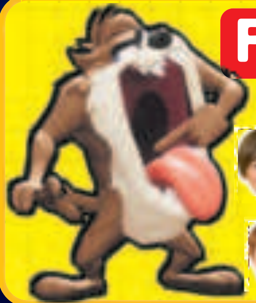
WILL: Superman – His flying move is so useful as it catches the opponents and yeets them in the other direction!

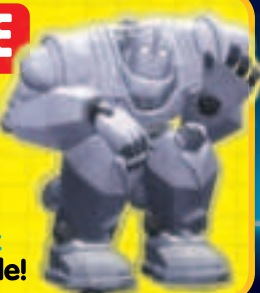




ISAAC: Tom and Jerry – I love how Tom fighting his opponent looks like he is just trying to catch Jerry.

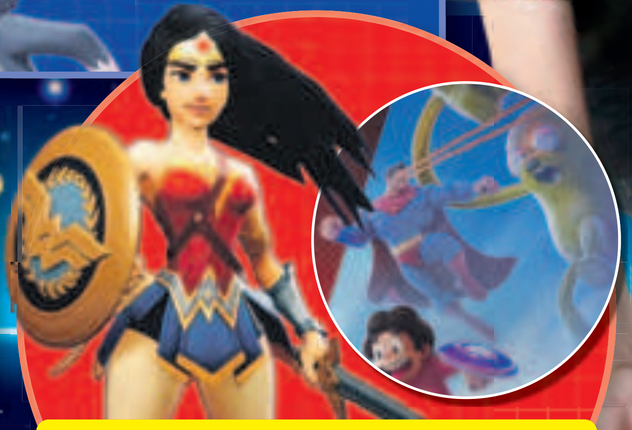
FAVOURITE MOVES





WILL: Iron Giant sitting on people!

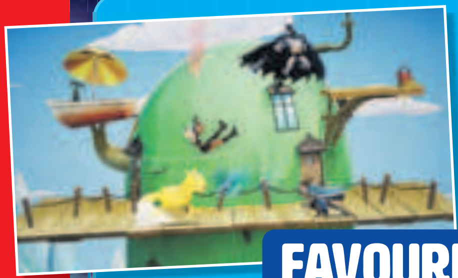
ISAAC: Taz eating people!

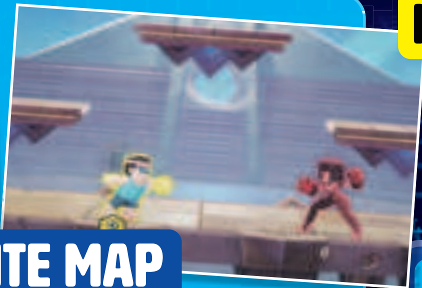


HIGHEST LEVEL CHARACTER

WILL: Superman – level 18

ISAAC: Wonder Woman – level 12.





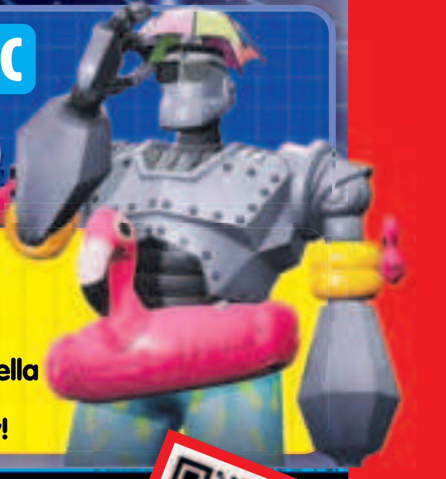
FAVOURITE MAP

WILL: Tree Fort. Nice and simple with the two layers.

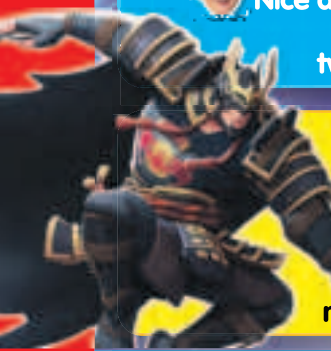
ISAAC: Sky Arena. It looks like a futuristic Colosseum — so cool!

BEST TACTIC

WILL & ISAAC: Mash all the buttons!



FAVOURITE SKINS



WILL: Samurai Batman. This character is awesome! It works perfectly as it makes for a cool new look while maintaining Batman's stealthy feel.

ISAAC: Beach Giant. He's my fave because his flamingo pool floatie, umbrella hat and flip-flops make me feel like I'm back on holiday!

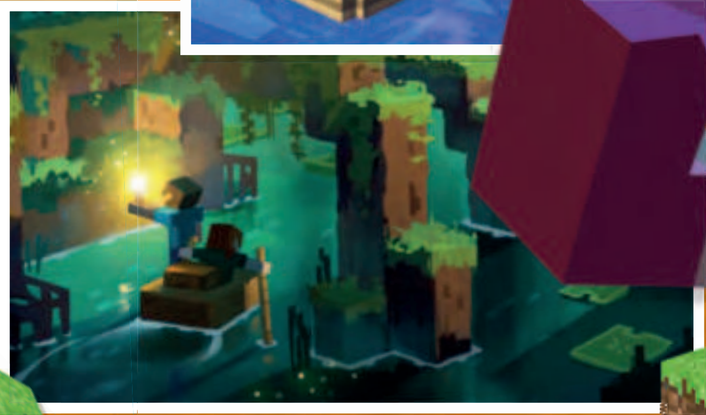
MORE SHIELD ENCHANTMENTS

● There are already some shield enchantments in Minecraft – but we'd like to see MORE! It'd be so cool if there was an enchantment that'd allow your shield to absorb arrows fired at you and place them into your inventory.

BIGGER AND BETTER BOATS



● Crafting boats is a much faster way to travel across water than swimming. But we'd like to be able to craft bigger and better boats to sail in. It would probably involve finding more materials, but we think expert Minecraft fans would be up for the challenge!

1.20 UPDATE

These are some new features we can't wait to see in the new update!

CAMELS

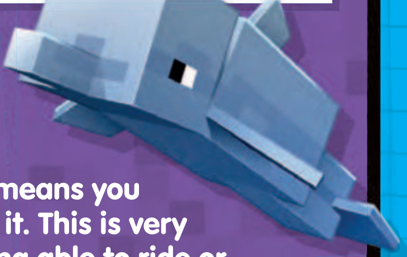
■ Ride camels with a friend and glide across ravines!

BAMBOO WOOD SET

■ Get crafty with all kinds of bamboo builds!

LIST

WE WISH THESE FEATURES EXISTED!



TAMEABLE DOLPHINS

- Feeding a dolphin raw cod means you get something in return for it. This is very helpful, but we think being able to ride or tame them would also be a super-fun feature!

I CAN'T HEAR A THING!

POTION OF SILENCE

- All **Minecraft** fans know avoiding the **Warden** is no easy task. Being able to craft a potion of silence to cover the sound of your footsteps would make it a lot easier exploring the **Deep Dark**!

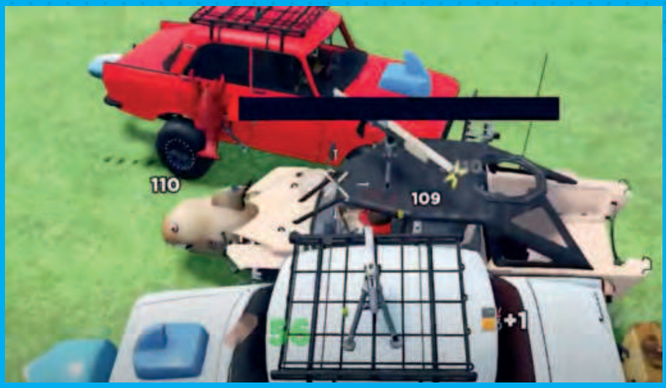
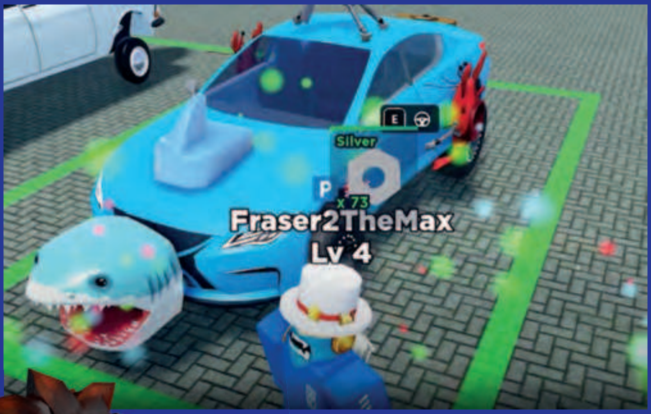
ROBLOX ROUND UP!

Each month we check out **Fraser2TheMax's** fave **Roblox** game. This month, it's **Carcraft**!

WHAT IS IT?

"In this game, you're in charge of your very own car... except you won't be driving down to the shops – you'll take it into battle! Customise different parts of the car to help defend or attack enemies! You could drive as a giant shark's mouth, a briefcase or a lobster! There are lots of cool options to build the ultimate derby destroyer!"





BEST BIT!

"Not only can you crash into players, but you can also collide with NPCs who'll chase and ram into you with absolute precision. Driving away at max speed whilst having a horde coming for you can create some tense scenes that feel straight out of an action movie!"
